

NiCE funding fiche: Horizon2020 -

SCC3 - 2015 Development of system standards for smart cities and communities solutions

Call & reference	SCC3 - 2015 Development of system standards for smart cities and communities solutions		Deadline	3 March 2015
Funding programme	Horizon 2020		EC Service	Dg Research and Innovation
Objectives	<p>The process for developing smart cities and communities standards should ensure:</p> <ul style="list-style-type: none">• interoperability of solutions, i.e. adaptability of solutions to new user requirements and technological change as well as avoidance of entry barriers or vendor lock-in through promoting common meta-data structures and interoperable (open) interfaces instead of proprietary ones;• open and consistent data, i.e. making relevant data as widely available as possible - including to third parties for the purpose of applications development - whilst using common, transparent measurement and data collection standards to ensure meaningfulness and comparability of performance/outcome measurements. <p>This action will cross-fertilise and cooperate with actions under topic SCC1 - 2014/2015 (Lighthouse project).</p>			
Other conditions for projects	<p>Expected impact:</p> <ul style="list-style-type: none">• accelerating the deployment of Smart Cities and Communities solutions by ensuring the up-scaling of the process and lowering their costs.• enabling the opening of market for multiple actors,• ensuring the front run position for European smart cities solutions, at forefront worldwide.			
Total budget for this call	EUR 1 million	Co-financing rate		<p>Max. EC co-funding rate:</p> <p>Coordinate and support action: 100% financing</p> <p>Contribution per project:</p> <p>EUR 0.5 to 1 million</p>
